

## S2H CAMP OUT -2025

### Many Thanks

Gary and I want to express our gratitude to everyone who traveled across the country to join us in the picturesque White Mountains of New Hampshire for the 1st Annual Northeast Hiker Trailer Campout! Despite the various unexpected surprises and challenges, we are delighted to hear that everyone had an enjoyable time.

### Going Forward

We highly value your feedback, and are sincerely grateful to those who spared time from their busy schedules to assist us in enhancing our next camp out in 2025. After reviewing your suggestions and exploring potential locations, we are happy to inform you that we have finally settled on a campground! As attendees of HTC-NE 1 you are the first to know before our official announcement this weekend.

Our next campout will be held on **June 26th-28th, 2025 at ELMORE (LAKE) STATE PARK in VERMONT!** Many thanks to Bill & Paula for this suggestion.

Reservations are now open and sites are filling quickly. More info to come as the date approaches! We wish you all a safe and enjoyable Fall camping season

**LIVE FREE AND CAMP!**

Tosh & Gary

### SeeFood Paella

For those who braved the rain and attended the cooking demonstration, here's the recipe for you to try at camp or in the comfort of your home. This recipe is still in Beta form, your feedback is always welcome
